

# IEOM Society International

---

1 February 2022

Dr. Luz Maria Valde-de la Rosa  
Professor, Engineering Management  
University of Monterrey

Dear Dr. Valde-de la Rosa:

The process of selecting 2022 IEOM Fellows has been completed. I am pleased to inform you that your application for IEOM Fellow has been approved and you will be announced as a new IEOM Fellow at the IEOM Annual Conference in Istanbul, Turkey in March 2022. The IEOM office will reach out to you about what you would be expected to do now.

The Fellow distinction is the highest level of membership to recognize individual contribution to the industrial engineering and operations management profession. Fellows have distinguished themselves by conducting theoretical and applied research and successfully implemented proven industrial engineering and operations management tools. In addition, they have improved the productivity of manufacturing and service industries and create jobs and career opportunities for betterment of mankind.

A Fellow must truly display and align with the membership designation that has been bestowed upon them. Members of the IEOM Academy of Fellows represent their profession and the IEOM Society. The members of the IEOM Academy of Fellows are expected to provide advice to the IEOM Board of Directors and use their professional experience and skills to promote industrial engineering and operations management. The members of the IEOM Academy of Fellows are expected to propose and lead strategic objectives that could result in increasing membership and recognition of organization and its members worldwide.

I hope to see you at the IEOM Istanbul Annual Conference awards ceremony on March 10<sup>th</sup> at 7:00 pm onsite at Hilton Istanbul Bomonti Hotel or virtually to personally congratulate you. Thank you for your service to IEOM.

Sincerely,

A handwritten signature in black ink, appearing to read 'Hamid R. Parsaei'. The signature is fluid and cursive, written over a white background.

Hamid R. Parsaei, PhD, PE  
Chair, IEOM Fellow Selection Committee  
Professor, Texas A&M University
